## **THE PALM REPORT**

Spring Palm Show & Sale 2026

Photo: *Licuala cordata*

Welcome to the South Florida Palm Society Annual Spring 2026 Show and Sale.

The selection of palms and cycads offered by our local growers is unmatched at any other sale in South Florida. Take advantage of the wisdom from growers, as they can share their insights in selecting the right plant for your garden/collection.

We have palm tours scheduled on Saturday at 1:00 pm and Sunday at 11:00 am and 1:00 pm, conducted by SFPS members.

We are committed to raising awareness of palms in the landscape, public places and in their natural habitat. Our spring tour was at Montgomery Botanical Center, and it was an excellent opportunity to really experience the enormous variety of palms, from the small *Geonoma* palm to the enormous *Nypa* palm.

My learning of palms started right here, at an SFPS palm sale, talking to one of a SFPS member at a help desk, if it was possible to transplant a Phoenix palm. Learned it wasn't going to be easy. Also, I learned how to keep my *Licuala* palms happy as possible. Others like more "Florida friendly" palms. The learning is fun.

Our next general meeting will be on April 6. Our palm enthusiast and board member Laz Priegues will present his recent trip to Masoala National Park, Madagascar. We are in for a real treat as we get a chance to explore the flora and fauna of Madagascar from the comfort of our chairs.

We need your support. Please join SFPS. We are looking ahead to more exciting presentations at our meetings, a garden tour in the fall, and a return to Fairchild Tropical Botanic Garden (approval pending) for our Fall Palm Sale.

Sincerely,

David Lord
