The South Florida Palm Society (SFPS)

THE PALM REPORT

Fall Palm Show & Sale 2024

In 2018, these Coccothrinax palms have found sanctuary from destruction, thanks to the grant from the SFPS, and the initiative of their members who helped to coordinate the move. The tallest one measured 47 ft. They were replanted in the Kiem Foundations. More information can be found at www.southfloridapalmsociety.org under Projects.

Welcome to the 2024 Fall Show & Sale of the South Florida Palm Society at Fairchild Tropical Botanic Garden. You will be able to choose from many species, common, uncommon and very rare palms and cycads from local vendors. I am certain you will find the perfect palms and cycad for your landscape.

In addition, you can meet the local palm and cycad growers. They're experienced growers, and they'll be happy to answer your questions about achieving optimum results with their plants.

So, thank you for being part of our sale. Fairchild is a beautiful location to have our sale, so please enjoy the garden as well, including Fairchild's collection of rare palms and cycads which surround our sale.

You might consider joining our Society, which allows you to participate in our twice annual garden tours. Our general meetings occur every other month and you can sign up to be on our mailing list without joining. But, we hope you will become a member.

Sincerely,

Julio Alvarez

President, South Florida Palm Society

The South Florida Palm Society (SFPS) is a not-for-profit organization whose mission is to disseminate information about and encourage interest in palms. The South Florida Palm Society uses its funds to help support local botanical gardens, individual scientific research expeditions or projects, conservation, planting projects and educational efforts. The horticultural society was reincorporated in 1982, but dates back to 1955.

Join our society to support these projects. Submit payment or renew memberships online.
