THE PALM REPORT

Spring Palm Show & Sale 2024

Featuring Hundreds of Species of Rare, Native, and Exotic Palms

Welcome to the Spring Show & Sale of the South Florida Palm Society. The 2024 edition marks a milestone for the club, our first sale at the University of Miami. From 9:00 am to 5:00 pm both days, you'll be able to choose from over 300 species of palm and cycad species offered by our members. They're not just vendors; they're experienced, knowledgeable growers, and they'll be happy to answer your questions about achieving optimum results with their plants.

But this is more than a sale. The campus of the University of Miami features an excellent tropical landscape. We're pleased to offer tours of both the Gifford Arboretum and the Palmetum during the course of the weekend. Please see the tour schedule on the next page. And, of course, you're welcome to stroll the campus at your leisure.

Special thanks are in order to Julio Alvarez for chairing the event, David Lord for compiling and publishing The Palm Report, and Steve Pearson for making arrangements with the university to open its beautiful campus to us.

Sincerely,

Lenny Goldstein

President, South Florida Palm Society

Please Note: This program, while located at the University of Miami, is neither the responsibility of, nor endorsed by the University of Miami.
